

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Sharon Cole
DOCKET NO.: 05-22136.001-C-1
PARCEL NO.: 12-36-430-041-1005

The parties of record before the Property Tax Appeal Board are Sharon Cole, LLC, the appellant, by attorney G. Terrence Nader of Young, Finkel & Silbert, Ltd., Chicago; and the Cook County Board of Review.

The subject property is improved with a 3,325 square foot commercial condominium unit. The building is 32 years old and is located in Elmwood Park, Leyden Township, Cook County.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. In support of this overvaluation argument the appellant submitted a closing statement dated September 13, 2004 depicting the subject was purchased by the appellant for \$78,500. The appellant submitted the final decision issued by the Cook County Board of Review establishing a total assessment for the subject of \$81,471, which reflects a market value of approximately \$214,397 using the Cook County Real Property Assessment Classification Ordinance level of assessments for class 05-99 property of 38%. Based on this evidence the appellant requested the subject's assessment be reduced to reflect the subject's purchase price.

The board of review did not submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over
(Continued on Next Page)

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	2,267
IMPR.:	\$	27,563
TOTAL:	\$	29,830

Subject only to the State multiplier as applicable.

the parties and the subject matter of this appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant in this appeal submitted a closing statement for the subject property depicting a purchase price of \$78,500 in September 2004. The appellant's petition further depicts the sale was an arm's length transaction between unrelated parties. Nothing is indicated in the record to refute the appellant's claim that the purchase of the subject was an arm's length transaction. The subject's assessment reflects a market value greater than the purchase price as shown on the closing statement presented by the appellant.

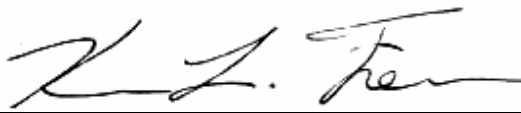

The board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by Section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board.

Based on this record the Property Tax Appeal Board finds the subject property had a market value of \$78,500 as of January 1, 2005. Since market value has been determined the 38% level of assessment for class 5B property under the Cook County Real Property Assessment Classification Ordinance shall apply. 86 Ill.Admin.Code 1910.50(c)(3).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
